

Advanced School on Aviation & Regional Development

DUBLIN | 2017 (11th – 17th November)

**Venue:
Dublin City University**

ABOUT ATARD Training School

The ATARD Training School is organized for advanced master students, Ph.D. students and post docs.

The aim of the Training School is to provide intensive training in the methodological approaches used to evaluate the impact of air transport on regional development. Furthermore, the ATARD training schools are the place to share knowledge and increase collaboration between participants. There is no attendance fee. Admitted students will receive compensation to cover expenses according to COST regulations.

Angela Stefania Bergantino	University of Bari Aldo Moro
Paolo Beria	Politecnico di Milano
José Doramas Jorge-Calderon	European Investment Bank
Christian Behrens	Free University of Amsterdam
Nicola Volta	Cranfield University

ABOUT ATARD

Air transport is generally considered to be a key factor for the economic competitiveness of the most developed regions of a country and for the social welfare of the less developed ones, which often are remote regions difficult to access through other transport modes. However, the relationship between air transport and regional development has not been fully investigated considering all the relevant dimensions. Building advanced knowledge about such relationships, with a focus on Europe, is the main reason for this Action.

More details on the action can be found at <http://www.atard.net/>.

APPLICATION

Application must be submitted online no later than **30th September 2017** (the online application will open at the end of August)

Maximum number of participants: 20.

Preference will be given to students who participated in the Winter School in Bergamo that was held in February 2017.

LOCAL ORGANIZERS
